

Starr Premium Fabric Canopy Warranty (Harbor Time Fabric)

Five Year Limited Warranty

Starr Canopies are warranted to the original purchaser of the Starr Premium Fabric Canopy, utilized as a boat lift canopy. When properly installed, the canopy will remain in good visual condition for a minimum of 5 years, without failure due to excessive fading or rupture, subject to the following terms and conditions.

The Starr Premium Fabric is only covered for the period of five years following the date of shipment from Starr Canopies. It shall be deemed to have failed due to excessive fading to the extent that it can no longer fill its intended decorative, or identifying role when viewed from a normal distance.

All claims for the Starr Premium Fabric failures must be inspected and approved by LC Covers. Only after approval from LC Covers will final judgement be made.

Manufacturing Warranty

Starr Canopies are warranted for a period of five years against seam failure and stitching failure under normal installation conditions. Failure which can be attributed to improper installation or frame distortion on which the Canopy is mounted is not covered under this warranty. No rebate or warranty will be made for any canopy subsequent to the five-year period covered by this warranty, or at any time for damage due to excessive winds, vandalism, or chemically induced degradation.

In the event that a Canopy fails as defined in this warranty during the first three years following shipment date, Starr Canopies will supply a duplicate canopy in exchange for the canopy that failed.

In the event of failure during the fourth year following the shipment date a replacement Canopy will be provided at a rebate of 40% from the current price.

In the event of failure during the fifth year following the shipment date a replacement Canopy will be provided at a rebate of 20% from the current price.
